**Cathryn Sill, John Sill, Ben Sill : A Field Guide to Little Known and Seldom Seen Birds of North America (2nd edition)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised A Field Guide to Little Known and Seldom Seen Birds of North America (2nd edition):

Birders and just about anyone who likes birds will delight in this field guide parody. Thirty-two fabulous new species are depicted in this volume, which features tongue-in-cheek descriptions, observation hints, and range maps, as well as remarkable full-color illustrations. The reader will never look at our feathered friends in the same way after

encountering these frequent flyers.
