Old Stories Bring Back Old MemoriesBy kennyReading the stories that Ed Zern wrote many years ago brought back a whole lot of memories from when I was a young kid eager for fish stories that were enjoyable. Ed Zern may be gone, but his stories and presentation still bring back nostalgic times and memories for me. If you were reading his material back in the "50's and enjoyed them then, you'll appreciate them all over again in reading this old book.0 of 0 people found the following review helpful. MADRIGALFunny, amusing and worth an afternoon to relax and laugh.0 of 0 people found the following review helpful. Classic Ed ZernBy Gregory HopeThis collection of short stories, for the most part having appeared earlier in magazines, showcases Ed Zern's offbeat sense of humor. Most of the stories in this collection generally, if often loosely, revolve around fly fishing for trout.
