**Cathie Richardson : A Garden View: A Book of Hand Embroidery Patterns Inspired by the Country Garden** before purchasing it in order to gauge whether or not it would be worth my time, and all praised A Garden View: A Book of Hand Embroidery Patterns Inspired by the Country Garden:

A hand embroidery pattern book featuring a variety of over 50 patterns inspired by a country garden. The patterns are fun to decorate pillows, quilts, and home decor. The patterns include a variety of birds, bugs, bouquets, carts, wagons, vintage dress forms, and more. A selection of autumn and winter botanical patterns to make ornaments and other

holiday gifts. The patterns in this book are easy to trace onto fabric with an ink pen and lightbox. They are hand drawn and are from my collection of patterns that I've designed over the years for my online shop Country Garden Stitchery. A nice collection of patterns for your inspiration and creative projects. Don't miss my collection of patterns to embroider for children!
