Mary Lou Fuller : A Horse in the Ladies' Room before purchasing it in order to gage whether or not it would be worth my time, and all praised A Horse in the Ladies' Room:

0 of 0 people found the following review helpful. A great real life story of what it is like to ...By philipA great real life story of what it is like to be a part of the history of a northern new england inn...Wonderfully written in a very conversational style you follow the story of people who experience every facet of human life in their daily life as a country inn manager....0 of 0 people found the following review helpful. 120 pages of whiningBy JW from NJThe book consisted chiefly of disparaging comments about guests and outright complaints about working at the

Fitzwilliam Inn. We wondered why the couple had bothered purchasing the Inn since they did not appear to have enjoyed working with people. The only worthwhile story was the author's version of her husband's death, which differed from local gossip. And the "horse in the ladies room?" It's a reference to the unclean condition of the restroom after use by human, not equine, guests.

A book that bares the facts and foibles of operating an Early American Inn while simultaneously answering the question: HOW TO BE HOSPITABLE WHEN THE GUESTS KEEP GETTING IN THE WAY! A unique New Hampshire innkeeper faces challenges from all sides as he does business in a 175-year old building with a parade of unconventional guests and staff. The book is filled with humorous and often unbelievable anecdotes.

"The straight dope on running a country inn as reported by the innkeeper's wife" (Yankee Magazine March 1998)
"...the author recounts their experiences in an entertaining style and tempers each traumatic moment with more than a modicum of humor..." -- New Hampshire Sunday News February 1998
About the Author
Mary Lou Fuller studied Creative Writing and has an Associates Degree in Industrial Psychology which prepared her for a career in personnel work which she pursued until her marriage to an innkeeper in 1963 She learned innkeeping by-doing as an apprentice to her husband. She has written from these first-hand experiences. Fuller lives in Rochester, New Hampshire and has two grown children.
