Max Willy : A is for Anus: The Alphabet (For Adults) (Volume 1) before purchasing it in order to gauge whether or not it would be worth my time, and all praised A is for Anus: The Alphabet (For Adults) (Volume 1):

2 of 2 people found the following review helpful. Boring and not creative. Title of book is the climaxBy Cleveland ConsumerJust meh. I have a pretty good sense of humor but this book really struggled to be funny. The title was great but after getting about 1/2 way through, it was clear that the author was just trying to put as much sexual humor into the alphabet as possible. It would have been great if they actually tried to find funny uncommon/non pc words.Can you guess what they used for V?0 of 0 people found the following review helpful. Book is funny. The problem I have with it is there ...By CustomerBook is funny. The problem I have with it is there was another book, a bilingual childrens book, added to the middle of the binding. While this was kind of funny in itself, it shows quality control is not important to the publishers of this book.0 of 0 people found the following review helpful. A nice novelty gift for that specialBy KeithIt was a cute book. A nice novelty gift for that special someone

A hilarious parody on the alphabet that connects science, geography, and art. It's beautifully illustrated and shockingly dirty! You'll never think of the alphabet the same way again. The perfect gag gift for that immature friend or for the coffee table to entertain guests. Warning: This book contains mature content (lots of sex and profanity) not appropriate for children. It is, however, ideal for adults young at heart.

About the AuthorHe is an adult trapped inside a child's body who behaves like a nine-year-old with Tourettes. As a

poet, comedian, and self-proclaimed pervert, he derives much of his humor from the follies of everyday life. Shakespeare, Voltaire, and pornography are his biggest influences.
