**Stephen Toulouse : A Microsoft Life** before purchasing it in order to gage whether or not it would be worth my time, and all praised A Microsoft Life:

0 of 0 people found the following review helpful. Terrific!By bigbookA Microsoft Life is an interesting, informative and entertaining read. Especially, I enjoyed the last chapter where Stepto, the author, combines nostalgic childhood memories of summer camp with impressions of attending a recent PAX gamer convention. Well written and engaging! Who could play Stepto in the movie version?0 of 0 people found the following review helpful. Stephen Toulouse unveiledBy S. Sajet (Netherlands)I have been a long time listener from the podcast "Major Nelson Radio" where

Stephen is one of the co-hosts of the best Xbox related podcast out there. From here and later twitter I started to learn more about the person Stephen Toulouse, and his look on life and specially gaming! This book was a nice extension for me on the podcasts and tweets. Its nice to see how someone enrolled into the computer and later gaming industry. If you are into IT, Gadgets and Gaming as I am, this is a must read! Specially if you already follow Stephen on Twitter (account name = Stepto) and the "Major Nelson Radio" podcast.0 of 0 people found the following review helpful. A look into one of the important people at Microsoft.By jazinFirst thing first I love the xbox and I think Microsoft is an important company for the U.S. I really loved this book. It gives you an insight on what happened in a 15 year career if you are a hard working person and know your stuff. You can tell that he enjoyed his job and loves being a gamer. It was a great read and one that I would recommend everyone that loves the computer industry and the gaming industry. Just want to say thank you Stepto for writing this and as he asked in the end of his book I want to say thank you to his wife also.

Join long time Microsoft employee Stephen "Stepto" Toulouse as he guides you through 15 years of being a geek at Microsoft in "A Microsoft Life"
