Good to know that there are things in Maine besides lobster, black flies, and mosquitoes..... I.e., yard sales.Thank you, John.P.s., I would also agree, " not all change is for the best."

A Moose and a Lobster Walk Into a Bar is a wonderful mix of classic Maine storytelling, stretched truths, and wry observations made by John McDonald during his many travels through the Pine Tree State. In this collection of essays and stories, John extols the important economic power of Maine's yard sale industry, bemoans the fact that Massachusetts, still upset because it allowed Maine to become a state in 1820, is buying it back one house at a time, and relates how the state's infamous black fly was really just an attempt at controlling tourists gone haywire. You will also meet Maine characters like Uncle Abner, Merrill Minzey, and Hollis Eaton, and find yourself pondering just where the truth ends and the story begins.

John McDonald has become known as a masterful practitioner of this distinctive style of Maine storytelling. This book is further proof of his droll sense of fun. --Down East MagazineAbout the AuthorStoryteller John McDonald performs at events throughout Maine and New England and has done so for decades, constantly perfecting his unique brand of Maine storytelling and humor in front of audiences large and small.
