**Susie Barbaran : A Pocketful of Feelings** before purchasing it in order to gage whether or not it would be worth my time, and all praised A Pocketful of Feelings:

0 of 0 people found the following review helpful. I love this bookBy Susan E. BarbaranI love this book. Thoughtful stories and great little songs. My grandson can't stop having me read them over and over to him. He is repeating the stories back to me. I would recommend this book highly. Enchanting characters and fun adjectives.0 of 0 people found the following review helpful. Good Teaching ToolBy Eva IngThe book is well-written with engaging illustrations. I would recommend it as a teaching tool for elementary school children.Thank you GoodReads for the book.

The purpose of this book is to allow children to become familiar with and to hopefully use in their everyday language many adjectives that describe feelings. Too many children, when they see the face of a character in a book, describe what that character may be feeling as good, happy, sad, or mad. I have taught Title 1 children from the first to the sixth grade for the past eleven years, and these are my findings. I also hope that parents and children alike, after reading this book, will come to realize that being annoyed can end happily, that someone who is teasing someone else will realize that all people are important, that it's okay to be cranky once in a while, and that your cranky face probably is not as pretty as your happy face. This book, A Pocketful of Feelings, is a collection of six short stories featuring an adjective describing a feeling. These are adjectives that are not as commonly used as they could be. I hope you enjoy these

stories as much as I do.
