I purchased for my mother. She couldn't stop laughing and giggling as she went through it. Great gift for the pug lover in your life.0 of 0 people found the following review helpful. So cute and clever! Perfect for Pug lovers.By KeziaPurrsSuch a cute and clever book. I gave this as a gift to my pug loving girlfriend and she laughed the entire way reading it.1 of 1 people found the following review helpful. A Pug's LifeBy KatlersThis book is adorable and totally captures the essence that is the Pug. My dog does every single one of these things, and makes me want to hug my dog so bad. Unfortunately, she is in Maryland at the moment, but this book puts a smile on my face. The illustrations are spot on and show the amazingness that is the Pug. Great book for all Pug lovers.

Pugs play by their own set of rules. When you want them to sit, they stand; when you want them to stay, they go; and when you want them to stop eating that unidentified item on the floor, well... Traditional schools of canine thought put this behavior down to a stubborn refusal to be trained that's inherent in the breed. Not so. This behaviour is, in fact, down to an ancient set of rules, passed down from pug generation to pug generation. A Pug's Guide to Etiquette attempts to explain these rules, thereby advancing pug-human relations to hitherto unprecedented heights.
