**Patricia Melley Nelson : Adult Coloring Book: Where We Live: classic houses and abodes, expertly drafted to help reduce stress, sharpen your concentration, and nourish your creativity** before purchasing it in order to gage whether or not it would be worth my time, and all praised Adult Coloring Book: Where We Live: classic houses and abodes, expertly drafted to help reduce stress, sharpen your concentration, and nourish your creativity:

0 of 0 people found the following review helpful. Very nice coloring bookBy LaBellePersonneThe houses are well drawn and there is a foreground and background with each house, which I greatly liked. I also like the little story on

the opposite page that went with each house. My only complaint is the drawings were somewhat on the small side, making the details a little difficult; and sometimes the flowers were in front of other flowers which also made them a bit difficult to color, but otherwise this was a wonderful coloring book for fans of architecture. 1 of 1 people found the following review helpful. The pictures are stunning and the copy is wonderful. I highly recommend it. By Amy R. Rider I cannot say enough about this fabulous book. The pictures are stunning and the copy is wonderful. I highly recommend it!
