Of course I omitted some which are too racy. My friends love them. After a dinner with friends they will ask me to tell a couple of jokes from the book and we all had a good laugh. I would strongly recommend this book. As a matter of fact I already have the book, but having it on Kindle allow me to read it on trips, on the airplane, on long bus trip. 0 of 0 people found the following review helpful. its got some good laughs By Leonel Becerra If you don't mind the English slang, then its a good read. Some jokes are inside jokes that British people would only get, I hope. This book covers a broad spectrum of lifes sillys and jollys. From Blondes to Men, Bosses. It will offend just about everyone and make everyone laugh at some point. Its a good read. 0 of 0 people found
