**Mark Twain : Adventures of Huckleberry Finn** before purchasing it in order to gage whether or not it would be worth my time, and all praised Adventures of Huckleberry Finn:

0 of 0 people found the following review helpful. American classicBy Golf-4-lifeExcellent American ClassicMy son really enjoyed the book. We live near Hannibal so it spurred a trip to see all of the famous Twain sights. I know the book has fallen out of favor with many school districts because of its racial language in describing Jim. If this is a problem there are many websites that explore the relationship of Jim and Huckleberry Finn. The story in essence

provides a realistic account of early American river town thoughts and language. Should continue to be read by everyone.0 of 0 people found the following review helpful. Enjoyed it a lot. A real American classic!By MikeReally enjoyed this book. I had read Huckleberry Finn before and this book is a great sequel to read. Tom gets himself into all kinds of trouble, but at the same time it's hard to be angry with him. He has a heart of gold so it's hard not to forgive him for his mischief. This book will be fun to read both for children and adults. It has a lot of suspense, it's easy to read, and entertains from the first to the last page. A real classic!1 of 1 people found the following review helpful. When boys were boysBy LibrarianReading Tom Sawyer allows a person the chance to see and experience a period of time almost forgotten today. When children could explore, could succeed, could develop safely without constant oversight by adults. The language might offend some individuals, but 'scrubbing' the words would remove a vital part of the tale. Facts are facts and changing them to suit Political Correctness would be a disservice to the story and to the storyteller.

*Adventures of Huckleberry Finn* is a novel by Mark Twain, first published in the United Kingdom in December 1884 and in the United States in February 1885. Commonly named among the Great American Novels, the work is among the first in major American literature to be written throughout in vernacular English, characterized by local color regionalism. It is told in the first person by Huckleberry "Huck" Finn, a friend of Tom Sawyer and narrator of two other Twain novels (*Tom Sawyer Abroad* and *Tom Sawyer, Detective*). It is a direct sequel to *The Adventures of Tom Sawyer*. The book is noted for its colorful description of people and places along the Mississippi River. Set in a Southern antebellum society that had ceased to exist about twenty years before the work was published, *Adventures of Huckleberry Finn* is an often scathing satire on entrenched attitudes, particularly racism.

**About the Author**Mark Twain is the pen name of Samuel Langhorne Clemens (1835 - 1910). He is the author of the beloved classics *The Adventures of Huckleberry Finn*, *The Adventures of Tom Sawyer*, *Life on the Mississippi*, *A Connecticut Yankee in King Arthur's Court* and *The Prince and the Pauper*.
