Lois Frankel has created an amazing collage of women's lives and the lessons and wisdoms they have earned. A gift for all ages.By Linda CarpenterLois has done it again! maturity, it is wonderful to be able to share in the stories and wisdom of others who are doing it so gracefully, full of humor and life's lessons. This is a wonderful gift for all of the people you love, including yourself. I've got one for every woman in my life, young and old and can't wait to share it with them..

Throughout history, the image of “wisdom” is exclusively portrayed by men: God, Socrates, Confucius, Merlin, the aging college professor. Where are their female counterparts? The wisdom of older women is indisputable. Having lived decades raising children, caring for husbands, creating “nests” from which progeny fly out of to be productive members of society, and often being forced to observe more than participate in the events around them, older women have unique insights that help future generations not only to survive but also to thrive. New York Times–bestselling author of *Nice Girls Don't Get the Corner Office*, Dr. Lois Frankel, now honors and gives voice to the often marginalized and “invisible” older women in our society. From Los Angeles, California, to Shanghai, China, women over age seventy share wisdoms and stories that are heartwarming and hilarious, insightful and witty, and philosophical and practical. “When life gives you lemons,” says Jo-Ann Mercurio, born 1941, “add vodka.” Beautifully photographed and illustrated, *Ageless Women, Timeless Wisdom* is a precious record of our women's reflections and takeaways on lives well-lived that is sure to be passed from grandmother to daughter to granddaughter.

"I love this book! Wisdom and wit worth remembering and sharing." Josh Berman, Creator and Executive Producer, *Drop Dead Diva* and *CSI* "It would be a 'Shame' if the humor and inspiration from these wise women was lost. Dr. Lois captured their spirits in a book to share with every woman in your family. This is truly a good read." Evelyn Champagne King, award winning RB and disco singer, "It's about time for a book like this. For too long the wisdom of older women has gone unnoticed, unappreciated, and undervalued. *Ageless Women, Timeless Wisdom* is sure to put a smile on your face and the faces of the women you share it with." Rita Coolidge, singer/songwriter
