Lisa Wright : Alice In Wonderland Coloring Book before purchasing it in order to gauge whether or not it would be worth my time, and all praised Alice In Wonderland Coloring Book:

0 of 0 people found the following review helpful. Tons of pictures included in this collection of original versions and "remixes!" By The Grandparents We have five different Alice in Wonderland coloring books, and it's really nice that - in addition to a good number of "remixes" - it presents all of the original art by itself, too There are SO MANY images to color, and there's even a nice "test page" to try your hand out on first. A+ on the pages being single-sided (so the ink doesn't bleed through and ruin other images). Very pleased!

Packed full of 84 images on single-sided pages, this coloring book includes quoted text from "Alice's Adventures in Wonderland" by Lewis Carroll, faithfully-reproduced images based on original illustrations by Sir John Tenniel, and bonus pages rearranged by Lisa Wright. "...what is the use of a book," thought Alice, "without pictures...?" Exactly!
