New Essays (Random House Large Print Nonfiction):

0 of 0 people found the following review helpful. Still a very rewarding experience, after all these years...By JRBI  
know nothing about the author when I picked up a cassette version of this book years ago. The title was the only reason  
I bought it. Not having finished schooling, I thought it would be interesting to learn what I did learn in my short  
schooling years. For years while I was some sort of a travelling salesman, I listened to it over and over again during  
long drives until the tape wore out. The same fate happened to the second tape I bought later. And the third tape got  
eaten by the car stereo. Later on, cars no longer have cassette drives so I could no longer enjoy the long listening hours  
even if I bought a fourth tape. So I just bought the paperback version, maybe just to make sure it occupies a permanent  
spot in my small book shelf, ready to be read on weekends. Enjoyed the book is simply an understatement. Fast  
forward a couple of decades, I saw this CD version while browsing thru . Ordered it and soon I was listening to its  
latest reincarnation. Aside from the new chapters and the reconsiderations, there are also some unintended but pleasant  
changes. The author's voice surely can't hide the years added to his life. His narration is also noticeably slower now.  
But that is not to say that his narration has degraded. In fact, it sounded with more authority, sincerity, and truth. I can't  
imagine listening to this piece narrated by someone else. The simplistic wisdom the whole piece imparts to the listener  
is simply satisfying and comforting, often very amusing. This makes "All I Need to Know..." one of the best materials  
to spend one's passing years. 0 of 0 people found the following review helpful. Three StarsBy Customerpretty good. 0

A book to raise the spirits and warm the heart. Includes the famous Kindergarten essay that was read on the floor of  
the U.S. Senate.

"It is interesting how much of it applies not only to individuals, grown or small, but even to nations."—New York Daily  
News "Within simplicity lies the sublime."—San Francisco Chronicle "A healthy antidote to the horrors that pummel us  
in this dicey age."—The Baltimore Sun "As universal as fresh air and invigorating as the fragrance of a Douglas fir."  
—Los Angeles Times From the Inside Flap A book to raise the spirits and warm the heart. Includes the famous  
Kindergarten essay that was read on the floor of the U.S. Senate. From the Back Cover "It is interesting how much of it
