Children love Sonja Dunn's ear-catching poems, and here are 200 of her best in one volume. This comprehensive anthology brings together virtually all of her most popular classroom chants plus tips for learning with playful rhymes, poems, raps, and songs. Sonja uses the rhythm and rhyme of language as a springboard into learning through mime, drama, art, and music. From short chants to longer raps adapted from classic stories, learning has never been more fun or more effective. Designed for easy classroom use, the chants are organized around popular themes and provide unique opportunities for dynamic, active learning. Individual chants are ideal as mini-lessons that revolve around
