Dale Meador : Along Dusty Roads before purchasing it in order to gage whether or not it would be worth my time, and all praised Along Dusty Roads:

2 of 2 people found the following review helpful. Most appealing "growing up" book in years.By D. GoodnowDale Meador wrote "Dusty Roads" as a tribute to people and places in the mid south of the 1950s. It is a warm, touching

and humorous write that is a page-turner. His experiences may not have been shared by many but reading this work will have one wishing they'd lived then, too. When author Meador completes another work, I'll want a copy of that as well.

Autobiographical fiction of southern rural life in 1950's.
