that held my attention. While it was a bit stereotypical in spots and very cynical in others, it was entertaining and educational. I would recommend this book to anyone involved in the inpatient mental health field...as a career, patient, or parent. 2 of 2 people found the following review helpful. HORRIBLE By Customer I can't believe that I spent money for this poorly written, poorly edited, self-absorbed book. Thank God I used a coupon so I didn't pay the full amount! The idea seemed really good but the book itself I couldn't wait to get rid of. I don't believe in throwing books out (although I almost broke my rule for this one) so I quickly gave it away to a book sale. Buyer beware! 1 of 4 people found the following review helpful. ALOS IS AWESOME READ IT TODAY!! By Benjamin C. Jones I am a student of Mr. Shattuck at Clayton High school. He teaches me English. He also teaches me US History. Almost everyday I talk to him about my problems with life and issues that every teenager has. I think of him as a great Writer, and a great teacher. This book will help you to get to know him so he can help you with any problems in your life that you may encounter. I give him 2 thumbs up!! In my opinion he is Johnston County's Best teacher and psycholigst. Read this book today, " IT WILL CHANGE YOUR LIFE "

*A.L.O.S. and other tales from the private psychiatric hospital (*average length of stay) is a short, yet eventful journey through the painfully hilarious landscape of the private psychiatric hospital. This collection of true tales exposes the madness of mental health "mangled care", corporate psychiatry and the day to day tribulations of psychiatric patients via the skillful storytelling and humor of teacher and therapist, Dan Shattuck, M.Ed. If you've ever worked in the private psychiatric field, known a patient or been a patient yourself, you won't want to miss this robust approach to "sanity making".

About the Author Dan Shattuck, M.Ed. is a trained counselor and teacher who is currently employed with the Johnston County School System in North Carolina. Mr. Shattuck, his wife and three children support all efforts to assist the mentally ill and their families.
