airline industry, something more than the usual flight attendant or pilot memoirs. There's a lot of other people who work for the airlines with interesting stories to tell. I was under the impression that this book was the author's recollections of her life with an airline. Instead, it is a bunch of "send me your stories so I can put them in a book," poorly written, painfully illustrated, yuk. Please do not waste your money.0 of 0 people found the following review helpful. **TOTALLY LOVED IT!**By Jackie O.The book and cartoons are a total hoot! The Second Edition of the sold out "Am I On The Right Plane?!" is an updated, irreverent but wonderfully insightful look at the human side of the airline business.
