Based on Maja Säfström's delightful book *The Illustrated Compendium of Amazing Animal Facts*, this collection of 50 collectible postcards is the perfect way for animal lovers and art lovers to share and collect Maja's charming illustrations. Housed in a keepsake box and arranged, much like a recipe box or card catalog, in tabbed sections (air, forest, sea, etc) this postcard box lets the user share all the curious knowledge and amazing artwork that makes Maja's book so special. From the Otters (they hold hands when they sleep in the water so they don't float away from each other!) to the elephant (mother elephant pregnancies last two years!) each postcard presents a unique look at the animal kingdom that will delight and astound. 50 postcards; 25 designs repeating, printed on toothy uncoated stock, with the animal's biological classification on the back.
