**Timothy L Worachek : AMAZING ILLUSTRATIONS-Space Ships (Volume 2)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised AMAZING ILLUSTRATIONS-Space Ships (Volume 2):

0 of 1 people found the following review helpful. Absolutely HORRIBLE!! By Desertbro Absolutely HORRIBLE!!! Not worth the cheap fast-food napkins it was scribbled and dribbled on! Has this fool ever even SEEN a spaceship?!? Maybe he should have been watching The Yellow Submarine while on acid!~! These doodles look more like crochet patterns or charm bracelets. At the very least he could have drawn a few UFOs or rockets - NO!!!!!!! 100 times worse than what a 5-year-old would draw - at least a 5-year-old knows what a spaceship looks like!!!

This is a coloring book of science fiction images, all original, hand drawn using a very fine point black marker, and my imagination. They can combine many different images of components found in plumbing, electrical, technology,

mechanical, electronics, carpentry, and automotive, surgical instruments-The Da Vinci Robot, music, tools, equipment, inventions, outer space, universal, industry and many others. These images of couplings, hoses, nuts, bolts, fixtures, wires, antennas, satellite dishes, receptors, rectifiers, circuits, switches, capacitors, vents, all combined to create images such as planets, space ships, space stations, sea creatures, animals, insects, people, places, borders, frames, the alphabet, numbers, keyboard symbols, zodiac signs, cityscapes, space landscapes, holiday symbols, ornaments, logos, autos, and more to still be illustrated. Work, kids, relationships, meetings, traffic, bills...we are all faced with stress on a daily basis. And sometimes you just need a way to relieve the tension and avoid burnout, illness, or worse. A simple and inexpensive way to relieve stress is by coloring images, which can be soothing. Some even consider it an alternative to stressors, ultimately aiding in reversing the effects of anxiety. Refocusing your attention on something completely different to engage in a mental, physical, and emotional shift can help break the pattern of consistent stress and allow one to rejuvenate. All designed to help you unplug and unwind at the end of each day. Artists can explore the benefits of putting fine point Sharpie markers to paper and channel their day-to-day stresses into a satisfying, creative environment. Amazing Illustrations is the perfect way for science fiction lovers to step back from the stress of everyday life, color, imagine and relax!
