A Buffet of Delicious Lunacy.By Kindle CustomerLet me just say this off the bat, I am not a devout follower of "His Noodly Goodness", I am a Methodist. That being said I do relate to the followers of the Flying Spaghetti Monster, because in essence it is a religion based on pointing out the stupidity of the religious right here in the US. But I am not going to discuss my political beliefs here, I want to talk about this

book, and what a book it is. Bizarro Fiction auteur Cameron Pierce has assembled a cavalcade of authors to create what can only be described as a block of Adult Swim's most surreal shows by way of Timothy Leary and a 42nd Street grindhouse. This book has a combo of haunting, almost lyrical stories, and off the wall lunacy that will make any reader without a stick up their behind laugh and contemplate the universe. Among some of the best works in here, and there are a lot of them, are Steve Lowe's Monty Python meets Rod Serling take on a man's search for the secret behind a haunting vision of FSM, Kirsten Alene's Egyptian tale of an archeologist's breathtaking discovery, and Adam Bolivar's take on what defines a deity that features a cameo by none other than Charlie Sheen. If that doesn't sell you on this book then you obviously need your head examined. I don't think I have read one book last year that was as fun or revealed gleefully in its lunacy as this one. If you want to read a book that will keep you hooked for hours, pick this one up. Trust me, this is one book you'll gobble up and ask for another helping. 4 of 4 people found the following review helpful. A Hit By Sam Penny I gave this darling book along with an FSM necklace to a 14-year-old friend who is a big fan of the FSM and who loves to read. She loves the stories and retells them to her classmates who now call her "Guru." A delight! 1 of 1 people found the following review helpful. Big disappointment. Gave up midway through the sixth story. By Mike and Nancy Minden Big disappointment. Gave up midway through the sixth story. How do you have a book about the FSM that is totally devoid of humor? It must have taken some real effort.

On the seventh day, the Flying Spaghetti Monster said, "Read me, for I am good." In *Amazing Stories*, the Flying Spaghetti Monster goes on trial to earn his godhood among a council of deities that includes Jehovah, the Buddha, Ganesh, Cthulhu, and Charlie Sheen. He is interviewed for an exclusive episode of the celebrity talk show *In the Monster's Studio* to discuss his relationship with Godzilla and other famous monsters. He rears his head at an archeological dig in a desert wasteland and dines with a horde of food demons in Hell. He rescues pirates, authors, and prisoners from the cold hand of death while banishing children to suffering and starvation. He is a just god, but only if you compliment his vodka sauce. Like an all-spaghetti evening of Adult Swim, *Amazing Stories of the Flying Spaghetti Monster* will show you the many realms of His Noodly Appendage. Learn of those who worship him and the lives he touches in distant, mysterious ways. Enjoy with Italian food and a side of Darwinism. Featuring stories by John Skipp, Stephen Graham Jones, Kate Bernheimer, S.G. Browne, Cody Goodfellow, Mykle Hansen, Kevin L. Donihe, Bradley Sands, Jeffrey Thomas, Kelli Owen, and many more.
