Stephen Colbert : America Again: Re-becoming the Greatness We Never Weren't before purchasing it in order to gage whether or not it would be worth my time, and all praised America Again: Re-becoming the Greatness We Never Weren't:

Stephen talks from his gut, which lead to conclusions that belong in a similar placeBy "Ted Value" Aggressively, mindfully ignorant of common sense, Stephen dictates a masterpiece of twisted conservative logic and leaves me wondering how he did not become the republican nominee for President. It was several hours of enjoyable, witty, wonkiness. Since Stephen clearly has mastered presentation of the politics of the wealthy and well connected, my guess is that after exploring a run, he must have come to the conclusion that too many of the duties of a successful candidate could not be delegated to minions. So we are left with this wonderful "brain dump" of all the best of Stephen's philosophies, and to wonder at the greatness that this country might have seen if they had been put into policies by a Colbert Administration.2 of 2 people found the following review helpful. Great book/CD, worthy of that Grammy awardBy Tan GentClassic Colbert, and a great way to fill the void since the Report went off the air. I bought the audio CD since I got the hardcover book version on discount and still wanted to support Stephen the American way, with cash money. I haven't read the book because listening to it in Colbert's voice gives the material a life and depth that reading it in his voice in your head just can't measure up to. The book sits on my shelf to show off how learned and cultured I am while the CDs sit in my car's glovebox melting in the Texas sun so I can listen to them on the drive to and from work

everyday for the past week. Highly recommended. A+++++++.

Book store nation, in the history of mankind there has never been a greater country than America. You could say we're the #1 nation at being the best at greatness. But as perfect as America is in every single way, America is broken! And we can't exchange it because we're 236 years past the 30-day return window. Look around--we don't make anything anymore, we've mortgaged our future to China, and the Apologist-in-Chief goes on world tours just to bow before foreign leaders. Worse, the L.A. Four Seasons Hotel doesn't even have a dedicated phone button for the Spa. You have to dial an extension! Where did we lose our way?! It's high time we restored America to the greatness it never lost! Luckily, *AMERICA AGAIN* will singlebookedly pull this country back from the brink. It features everything from chapters, to page numbers, to fonts. Covering subject's ranging from healthcare ("I shudder to think where we'd be without the wide variety of prescription drugs to treat our maladies, such as think-shuddering") to the economy ("Life is giving us lemons, and we're shipping them to the Chinese to make our lemon-flavored leadonade") to food ("Feel free to deep fry this book-it's a rich source of fiber"), Stephen gives America the dose of truth it needs to get back on track.

"*AMERICA AGAIN: Re-Becoming The Greatness We Never Weren't* is sure to become a classic as treasured as *Moby-Dick* or the *CliffNotes to Moby-Dick*."? Stephen Colbert on *AMERICA AGAIN* in GQ About the Author Stephen Colbert was *The Daily Show*'s longest-running and most diverse correspondent. His personality, insight and overall rightness could only lead to *The Colbert Report*, a half-hour nightly platform for him to give his take on the issues of the day, and, more importantly, to tell you why everyone else's take is just plain wrong. The show has been hugely successful.
