Berny Stringle : Amoeba (Bang on the Door) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Amoeba (Bang on the Door):

0 of 0 people found the following review helpful. Cute, cute book! By MoxXxie! The first time I saw this series, it was in a Price Busters store for like a buck or two. Super cheap AND super cute. This must be the first-ever kids book starring an amoeba. The illustrations are intentionally primitive and colorful. It's a small, square-ish book and tells an adorable story of an amoeba. Cute and a couple LOL moments, some rhyming. I think I bought this book more than 6 or 7 years ago or something and no longer have it. It has mysteriously disappeared from my house. Such is life when you have kids. Anyway, on a whim, I searched for it on and, like usual, didn't fail me! I was happy to order and receive this book and relive the quaint, entertaining story of amoeba. It's a keeper!

From the team that brought you "Brain Cell", "Bat", "Spider", "Slug" and "Cat", "Dog", "Plankton" and "Armadillo", comes this zany, rhyming comedy classic about Amoeba, a most misunderstood character.
