Don Wade : "And Then Chi Chi Told Fuzzy..." before purchasing it in order to gauge whether or not it would be worth my time, and all praised "And Then Chi Chi Told Fuzzy...":

0 of 0 people found the following review helpful. very entertaining
By CustomerA great read, devoured this book in an airport lounge in no time at all. So many incredible stories, this book just makes you have the uncontrollable urge not to just go out and play, but live for the game.
1 of 2 people found the following review helpful. More great stories
By A CustomerMany humorous and insightful stories of and from many of the game's greatest players. A great read for avid

golf fans and an excellent choice to introduce someone to the game. Only problem was that I was familiar with some of the stories. Not sure if they were from the earlier books or books by another author. All in all, a very enjoyable read.

With seven previous collections of golf stories under his belt, Don Wade has proven himself to be golf's master storyteller. Now he returns once again with a collection of real-life stories from and about the world's greatest golfers. 'And Then the Shark Told Justin...' brings together past heroes like Ben Hogan and Sam Snead, and living legends Chi Chi Rodriguez and Jack Nicklaus, with the hot young stars of today, such as Brad Faxon and Tiger Woods. You'll read about Frank Sinatra's flirtation with golf, the day Gene Sarazen almost created an international incident, Arnold Palmer's emotional message to Tiger Woods, Tommy Armour's unique teaching methods, and the last honour Ben Hogan ever paid to Ken Venturi. From Pebble Beach and Pine Valley to the Augusta National And the old course at St Andrews, Don Wade's behind-the-scenes, off-the-cuff stories celebrate the spirit and people of America's most popular and fastest growing sport.
