J. Gossman : André Maurois (1885-1967): Fortunes and Misfortunes of a Moderate (Palgrave Pivot) before purchasing it in order to gage whether or not it would be worth my time, and all praised André Maurois (1885-1967): Fortunes and Misfortunes of a Moderate (Palgrave Pivot):

Respected by his peers and hugely successful internationally in his own time, André Maurois is now hardly read. Moderate and conciliatory in everything, including his literary style, he appealed to the educated reader of his time, but did those very qualities prevent him from achieving lasting distinction and impact?

"Through a presentation and analysis of aspects of the life of the French writer André Maurois, Gossman's book sheds light on an impressive number of crucial historical, political, and cultural problems faced by France from World War I through the Cold War. Understated, suggestive, and balanced in its approach to a number of controversial issues, it succeeds in showing the interest in the life of a once popular, but now largely forgotten writer, whose previous celebrity, according to a contemporary of Maurois cited by Professor Gossman, had by the 1970s 'collapsed like a soufflé.' This book could very well have the effect of encouraging the soufflé to rise again, even if undoubtedly not to its original height." - David Carroll, Professor Emeritus, University of California, Irvine, USA
About the Author
Lionel Gossman is the M. Taylor Pyne Professor of Romance Languages emeritus at Princeton University, USA.
