**Andy Rooney : Andy Rooney: 60 Years of Wisdom and Wit** before purchasing it in order to gage whether or not it would be worth my time, and all praised Andy Rooney: 60 Years of Wisdom and Wit:

0 of 0 people found the following review helpful. CD versionBy J. Spurwaywow. I loved this mix of bio and a bunch of his articles.I'm pretty sure I would not get along with Mr. Rooney day in and day out. However, I like his views on most things.a couple of the disks have minor skipping problems.04/21/2015I just listened to this again and wanted to

say that the reader, J Paul Guimont, does an excellent job of reading this. 1 of 1 people found the following review helpful. Very Enjoyable  
By SingleEyePhotos I originally purchased the Kindle edition to pass on to my grandmother, who is an avid '60 Minutes' fan, but I decided to 'flip through' it myself. Flipping through soon turned into steady reading! I really was not familiar with Andy Rooney except by name, but I very much enjoyed his writing style and stories. His style is clear, concise, and to the point. His stories were wide-ranging and almost invariably very interesting. I did notice that towards the end, there was some repetition of material, but I suppose that's only to be expected as the volume is a compilation of 'best of' over the course of 60 years. After reading this book, I now have a much better appreciation of Andy Rooney's contribution to American writing (both journalism and TV/broadcasting) and the plain speaking/commonsense thinking that he stands for. I enjoyed this very much and I know that Gram will love it too when I download it to her Kindle for her. Highly recommended!

By Cheryl A. Farnsworth I've been reading Andy Rooney's essays for many years, and was happy to see a compilation of his work over his long career. His wit and wisdom bring a knowing smile to my face, and I enjoyed reading his book. What's also nice about this book is that you can read an essay or two or more, then put the book down, and pick it back up at your leisure without missing a beat. I would recommend this book to anyone who likes to read about the humor in everyday life. Andy Rooney remains a national treasure.

Andy Rooney is a classic chronicler of America and her foibles. Over more than six decades of intrepid reporting and elegant essays, Rooney has told it to us straight and without a hint of sugar coating, but with more than a grain of truth and humor. *Andy Rooney: 60 Years of Wisdom and Wit* brings together the best of more than a half-century of work (including long-out-of-print pieces from Rooney's early years) in an unforgettable celebration of one of America's funniest men. With selections from his beginnings as a correspondent for *The Stars and Stripes* during WWII to his arrival at CBS to his more than thirty-year stint on *60 Minutes*, this book is a must-have for any Rooney fan.

Kirkus s“Rooney has solid credentials as an old-fashioned liberal of an almost extinct type, one who dislikes hubbub and loudmouths but dislikes injustice even more.”
