**Norman Thelwell : Angels on Horseback** before purchasing it in order to gage whether or not it would be worth my time, and all praised Angels on Horseback:

I bought this as a Christmas gift for a young girl. First it arrived way after Christmas, even though it was ordered on December 10th (mailed from Great Britain). The packaging was flimsy and the book got warped in shipping. Then I opened the book to find a hand written note to the previous owner on the inside of the cover. Whoops... that will not work for a gift to a child. I was very

disappointed. 1 of 1 people found the following review helpful. Thelwell nailed it!
