A Fun Cartoon "Battle Royale" Between Conservatives LiberalsBy Home StudioDave Redl's online Angie comics have long been a source of cutting-edge commentary on America's ongoing culture wars, told from a distinctively conservative point of view. While this is rare in and of itself, the real

joy is that Redl makes his cartoons so much fun! His protagonists are a group of three siblings who bring all of their youthful energy to games, arguments, and even slapstick-physical confrontations that illustrate their differing beliefs. Redl's art crackles with energy and physicality (no doubt owing to his background as an animator), with a style that combines hints of retro-50's with playful ultra-modern anarchy. This bargain-priced collection of nearly 250 cartoons does a great job of cataloging and illuminating the major social debates and news stories of the past couple of years...and does so with heart, humor, energy, and insight. Very highly recommended!

A collection comic strips covering the two things Mom told us never to talk about; politics and religion. Angie, a 7 year old Christian conservative and Francis, her 10 year old Atheist liberal brother, debate issues and ideology with the zeal of any sibling rivalry... or cable news show! Their infant, diaper wearing brother Mike has the middle America, right leaning view point and often the traditional solution. Together the characters of the comic strip "Angie" purees complex issues to simple playground politics!

About the Author David Redl is a New Jersey cartoonist turned animator who watched heated debates on cable news shows and thought, "Geez... what were THEY like as kids..." and thus Angie was born! He's worked for King Features Syndicate as staff artist drawing and animating Popeye and Betty Boop among other characters. Since 1999 he's been the animation director at Funny Garbage, a NYC design company where he wore whatever hat to get the project done, drawing storyboards, animating, organizing productions and even programming. In his spare time, Dave created "FamilyPants.com", based loosely on his blue collar father and family, winning awards and asked to appear at many film festivals. The web site continues to get regular hits and receive fan mail around the world. Ever re-thinking his comic strip creations, "Angie" became an accumulation of all past efforts and learned lessons with comic strips, cartoons and animated characters.
