single sided "Bite" size critters to colour in 1 (or 2!) sittings! Funny little animals and creatures with cute little "punny" sayings... this book has lots of love and heart sayings, and includes some just for spring images! Designed for the colourist who get bored easily or wants the "instant" gratification of finishing a page in a short amount of time... lots of room in the pictures to practice blending and shading for the more novice colourist! Stay Happy, Stay Calm and Colour on!
