By shirley55 Just love all the different animals on each page. Can't wait to start coloring!!! There's even a page that tells what the animals are.

Coloring books aren't just for kids anymore. Sophisticated versions like this one have teens and adults of all ages enjoying the hobby as a way to reduce stress, calm the mind, and escape from the digital world. Rand McNally's Animal Excursion takes you on a journey around the globe to explore, discover and be inspired by the world's animals. Visit familiar and exotic places and create beautiful animal scenes butterflies in the meadow, koi fish in a lily pond, blue whales in the ocean, and many more. More than 60 scenes to color, including 9 extra-wide illustrations. Animals and habitats feature stylish geometric and organic patterns. High-quality paper reduces marker bleed-through. Artwork

that's easy to create and enjoy
