Maja Säfström : Animals of a Bygone Era: An Illustrated Compendium before purchasing it in order to gage whether or not it would be worth my time, and all praised Animals of a Bygone Era: An Illustrated Compendium:

1 of 1 people found the following review helpful. This is a highly readable and informative book for children.By Juanita Trujillomazon CustomerMy grandson loves this book. He was spellbound by the illustrations and in particular, he loved the comments of the animals. It captured his imagination and curiosity. It was fun to read and fun to watch my 61/2 yo grandson captivated by the content. Can hardly wait to read the next one.0 of 0 people found the following review helpful. Fantastic!By Luvs2Read09My 11 year old and his classmates really enjoyed this book. It's beautifully designed with amazing illustrations and very informative facts.0 of 0 people found the following review helpful. Five StarsBy Sheryl BarnardoGreat gift

A beautifully illustrated collection of fascinating, surprising, and funny facts about extinct animals.In the past,

amazing and strange animals roamed the earth, including giant sea scorpions, tiny horses, enormous sloths, and fierce "terror birds." These and many more fantastic extinct animals are illustrated in this whimsical collection by Swedish artist Maja Säfström.

About the Author MAJA SÄFSTRÖM is a Stockholm-based illustrator and architect, and the author of *The Illustrated Compendium of Amazing Animal Facts*. Follow her on Instagram at @majasbok. Excerpt. © Reprinted by permission. All rights reserved. Dear Reader, In this book I have illustrated and presented a few of the countless amazing creatures that once roamed the earth. Some of them lived a long time ago, while others lived until very recently. I hope that you enjoy the book, learn something new, and are reminded of the beautiful, complex, and delicate history of this world.
