I collect Anne Taintor products because of the humor in the brash and abrasiveness of the messaging, but this calendar is quite frankly disappointing. Several of the messages are mediocre at best and despite the size of the calendar advertised, it has a lot of white space and the actual functionality to take notes on the days is non-existent. I questioned the price a bit because Anne Taintor products normally seem to have a slight inflation due to the niche market, but it seems to me that the cheaper price reflects the lack of Anne Taintor's true quality you get in her other products. I hope my uploaded photographs help others to make a decision based on their needs.***** Update January 2015***** After feedback, I'm updating this review to include the quotes in the calendar (in no particular order) SPOILER ALERT !! SPOILER ALERT !!- "You'll never forget to turn off the oven if you never turn it on" (cover photograph)- "People who need people haven't tried lemon flavored vodka" (this one pictures a woman with a martini glass)- "My mascara ran I'm counting it as exercise" (this one pictures a woman wiping mascara off her face)- "If they can send a man to the moon I'm certain they can send a smart mouth teenager" (this one pictures a woman and child)- "Parenting...when messing up your own life just isn't enough" (this one also pictures a woman and child)- "I only have time for the truly important things" (this one pictures a woman vacuuming)- "Join another committee? Why, I'd love to!" (this one pictures a woman on the phone)- "His snoring is so much better...thank you, duct tape!" (this one pictures a woman laying on a bed)- "Walk softly and carry a big purse" (this

one pictures a woman with a purse)- "Mom... Mommy... Mommy... Mom..." (this one pictures a woman sitting in bed... I guess a child is calling for mom and she is ignoring?)- "And then she skipped the bake sale" (this one pictures a woman with cake/cookie batter on her hand and disgusted face)- "It doesn't matter if you've been bad or good as long as you have credit" (this one pictures yet again, a woman and a child)11 of 11 people found the following review helpful. I am an Anne Taintor junkieBy S. LoewI have been ordering the calendar religiously for the past 5 years and always get a kick out of the captions used for these old 1950's illustrations and ads. I love vintage art and advertising so it's a perfect match for me. I have bought luggage tags, note pads, post its, mugs...you name it...great for gifts and very fun to use.2 of 2 people found the following review helpful. Funny, cute, vintage style wall calendarBy MDHSo I was hesitant to purchase this because it doesn't show the sayings for each month but since I'm using it for personal use, just in my home, I figured what the heck and bought it. Some of the sayings are really funny! I saw some reviews that said the pictures are blurry or bad quality, it is a little pixilated but I think that was intentional to give it a vintage look. My only complaint is that the boxes for each day are a little small but still useable. Overall I'm happy with my purchase.

Add some spice to each month with this delightfully wicked bestselling wall calendar from Anne Taintor.

About the AuthorAnne Taintor created her first images 25 years ago, cutting and gluing images and captions sitting at her kitchen table. Now she and her daughter apply current, slightly twisted captions to vintage magazine clippings from the '40s and '50s. Her magnets, journals, and many other items featuring these designs are in distribution at specialty stores throughout the country. She also has personal care products with BlueQ, and paper napkins and tissues with Paper Products Design.<http://www.annetaintor.com>
