Extremely good quality and wonderfully acerbic retro postcards By shopgirl76 First of all, I vehemently disagree with a previous review that these are not sturdy enough to mail - I don't know if the person who posted the review in question received the same set but the ones I received are exceptional quality cardstock and far superior to most other types of postcards I've seen. Even the "pocket" or cardboard "box" they come in is very sturdy, as one would expect from Chronicle Books (I've got many of their products and they seldom disappoint). I also really love that they have rounded edges, which makes them more unique - and I personally

prefer this set over the other Anna Taintor set I also purchased at the same time, I Feel A Sin Coming On. Please note that if you are not familiar with Anna Taintor and are thinking of purchasing these because you are interested in vintage/retro style cards, I would suggest a Google search first, as her particular style and sense of humor is not for everyone. Personally, I would highly recommend especially this set for anyone who loves Anna Taintor products, retro anything, looking for a cool gift, fun postcards or even inserts for junk journals and smash books - you really can't go wrong with this set! 0 of 0 people found the following review helpful. Sturdy, gorgeous, and hilarious! By hambone These. Are. Awesome. 30 different pictures - I was expecting some repeats, but there's nary a one! The cards are high quality; thick and beautifully printed. In case anyone cares, there's one reference to alcohol, 2 with swear words, and one that is slightly suggestive - certainly nothing terribly offensive, but some might not care for those things. Even if they bother you, that's only 4 out of 30 and you can get rid of those and still have 26 hilarious postcards! I just discovered Anne Taintor and can't wait to share these postcards with my friends and family. 0 of 0 people found the following review helpful. Love these! By shopperx These are a great way to send a little "thinking of you" without having to write a long note! The sayings are funny and they are sturdy. Bought these to send to friend who moved across the country and she is enjoying them.
