Amy Adams Squire : Ao: Alpha to Omega before purchasing it in order to gauge whether or not it would be worth my time, and all praised Ao: Alpha to Omega:

0 of 0 people found the following review helpful. who knew that the abridged version of the Bible could be such fun reading. Thank you Amy Squire - well done
By Melody Oxley I didn't want it to end....who knew that the abridged version of the Bible could be such fun reading. Thank you Amy Squire - well done.
2 of 2 people found the following review helpful. Amy Squire has a great sense of humor
By Ron Willnow This is the Bible as it really should have been

written. Amy Squire has a great sense of humor. It's a short read, but an enjoyable one.

A truly hilarious and informative take on the Bible--whether you're a believer or not, you'll laugh out loud at this synopsis of many familiar names and stories, from Adam and Eve through Job and on to the miracle at Cana, plus all the way to The Revelation. In the spirit of Moore's *Lamb, Alpha to Omega* seeks to entertain and inform--it's not a moralistic treatise, but simply a human spin on Biblical interpretation. "If the Bible was this much fun, I probably would have paid more attention in Catholic school! Amy Adams Squire puts a spin on the Bible that is entertaining, refreshing, and sometimes laugh-out-loud funny. And she is a gifted enough writer to make sure she leaves you with the message without it tasting like medicine. This is a wonderful and unique way to renew yourself with stories from the Bible and walk away with a little joy in your heart." Bart Baker, author/screenwriter, *Honeymoon with Harry*
