A little nostalgia to share with the younger generationBy Ol'young@heartguyI got this book because I have young teenage children that need to be a little more versed in things. Growing up Murphy's law was a staple around our house and when bad things happen at the worst possible time, saying it's Murphy's law seems to alleviate some of the stress and give comfort knowing it happens to everyone... There are a lot of truths in this book about how things seem to happen in certain fashions that defy conventional logic. It's a fun book that's easy to pick up or put down.0 of 0 people found the following review helpful. Five StarsBy TomPProduct and service as promised.
