I read these when I was little and I've been thinking about them a lot, so I was happy to buy this book and be just as entertained as I was when I was a child. It brought back so much. These are fun, silly, and relatable and very entertaining, and the illustrations are perfect with so much movement. 0 of 0 people found the following review helpful. Poetry though a child's eye By TMPlym This is a collection of Michael Rosen's best poems, together with a CD

for an audio book. I hadn't read Michael Rosen since childhood I had remembered his delight of nonsense words, but as an adult I appreciated the way he captures life from the child's viewpoint. Some made me laugh, others made me cry. I loved it and more to the point, my six-year-old read the whole thing in one sitting, and then proceeded to read the poems to me. I'm always on the lookout for good children's poetry collections, and this is a great one.

You Can't Catch Me and *You Can't Put Mustard in the Custard* were first published 25 years ago and were groundbreaking collections of poems for children. *You Can't Catch Me* won the Signal Poetry Award in 1982, and both books went on to become bestsellers. Combined here for the first time, the conversational and fun poetry from both these collections is fantastically matched by silly but perfectly detailed full-color illustrations. An audio CD is also provided so that children can listen to their favorite poems.

About the Author Michael Rosen is a bestselling author of picture books and poetry, and the winner of the Eleanor Farjeon Award for services to children's literature.
