Patrick McDonnell : MUTTS before purchasing it in order to gage whether or not it would be worth my time, and all praised MUTTS:

And the little poems, if you can call them that, convey an entire world with just a few expertly chosen words. Some made me laugh, some made me smile, and some made me cry.If you are planning to buy this as a gift for a dog lover, I suggest you buy two since I can guarantee that you will not want to give it away if you buy only one...0 of 0 people found the following review helpful. In this cold, dark world, - -By Austin readerthere's still Mutts to cheer me up! This is the most uplifting, unpretentious comic strip around, today. I highly recommend this strip for anyone who is tired of our high-drama, highly violent world. It truly makes me happy just to sit back and read a few strips. Check it out. You'll be glad you did!0 of 0 people found the following review helpful. Five StarsBy LCBREALLY enjoyed Patrick McDonnell's comments throughout. Loved seeing some of the strips in large format.

Book by McDonnell, Patrick

.com How can you not love a book about which Matt Groening of The Simpsons says, "Mutts cheers me up everyday. It's not only sweet, simple, and funny--a rare combination--it's also the best drawn comic strip around." Even Charles Schulz says, in his introduction to this edition, "To me, Mutts is exactly what a comic strip should be. It is always fun to look at." The main characters, a cute little cat and dog pair, are bright-eyed observers of our crazy world. And Patrick McDonnell's cartooning really is top notch. It's no wonder more and more syndicates are picking up Mutts.
