Others thought it was funny, but I didn't see the humor in it. Not written well.

Follow the many humorous true adventures of a bipolar mother of ten children. See how the energy of the manic and hypo manic phases of bipolar can lead to the humorous side of life. Not all bipolar people are artists, musicians, etc., but some of us show our creativity by playing practical jokes and seeing the fun in things. An autobiography that is engaging from start to finish. Guaranteed to keep you laughing.
