It's one of the worst things that I've ever read, but it's so bad it's good. The characters all have no personality. Most of the time they just gave me a headache. Ebony or Enoby is a Mary Sue in the perfect sense of the word.I've learned a lot from My Immortal like how to be goffic, what goffic and Satanists

listen to, that it's OK to shoot people if you have a headache, that goffs think bis are hot, Goffic girls don't die their hair (either their hair is dead or they use spray paint), no one dies ever (either it's cause your from another time period or your a vampire), you could be the dumbest person on Earth but everyone wants you, almost all male teachers at Hogwarts are pervs, Voldemort carries a gun, cocks are actually all glocks (which is dangerous if you ask me), and the most important thing I learned is Goffic fashion. This book will probably cause you to lose serious brain cells and shouldn't be read unless you are prepared for such loss.4 of 4 people found the following review helpful. It's terrible fan fiction - she'll be reading it and laughing ...By Kendra HollidayFor some reason my daughter loves this book. It's terrible fan fiction - she'll be reading it and laughing out loud. She got a copy for her friend who also appreciates terrible fan fiction. She's dressing up as Ebony for Halloween.4 of 4 people found the following review helpful. Absolutely flawless and no one can tell me otherwiseBy CamiI've read this fanfiction at least 10 times. And I've never been more satisfied to have this story physically in my hands so I can read it again.It's ironically charming in the fact that it's so ridiculous you can't possibly believe it's real. The characters are all awful and essentially carbon copies of each other. But the terrible grammar and ridiculous things that these characters do will leave you with the best quotes to use. This fanfiction has made my work environment better by providing my co-workers and I with stupid things to re aloud while closing.This book will inspire you to write better stories than this. But worst of all you may fall in love with Ebony by the end, just like everyone else.

My Immortal is the most famous, notoriously bad fan fiction ever written. Based very loosely in the Harry Potter universe and featuring the blatant Mary-Sue protagonist Ebony (or often times "Enoby"), it reads like a detailed list of everything a fanfic author could ever possibly do wrong, only taken to exaggerated, horrifying extremes. My Immortal was originally posted to FanFiction.Net sometime in 2006, but was subsequently deleted by the FF.Net staff after causing a severe drop in the site's collective IQ. In fact, the fanfic is so unbelievably bad that many refuse to accept that it's real, insisting that the author was only trolling and that the story is really a parody. Regardless of the author's intent, My Immortal remains one of the most cringe-worthy, unintentionally hilarious, so-bad-it's-good pieces of literature the internet has ever produced.
