Richard B. Foster : My Landscapes: Left-Handed Sketch Book (50 Count) before purchasing it in order to gage whether or not it would be worth my time, and all praised My Landscapes: Left-Handed Sketch Book (50 Count):

Look at the view! If you love beautiful landscapes and sketching/drawing, then this is the book for you! This sketch book is for you to draw your landscapes in. There are 50 designated sketch pages, and the back of each page is set to stay blank so that your sketches do not interfere with each other. Sketch pages are on the left side for a more

convenient experience for those who are left-handed. There are no designs on the designated sketch pages because these pages are set to contain only your art. Topic-based sketch books are a great way to keep your artwork organized. When you want to draw pictures of landscapes, just grab your My Landscapes sketch book and have fun. When you're done, you might want to draw pictures of sea animals, for instance, so grab your My Sea Life sketch book, and so on. The covers make it easy for you to find the specific sketch book that you want at the moment. This book is also an awesome way for you to have your artwork inside of your own professional-quality paperback book which can help elevate your confidence, and it gives you something extra to be proud of when showing your art to other people. Now, go show off your art to friends in your very own landscape sketch book! Enjoy! *Glossy Cover* *6 x 9 book size* *Left-Handed*
