Keith Richotte : My Least Favorite Team is My Favorite Team before purchasing it in order to gage whether or not it would be worth my time, and all praised My Least Favorite Team is My Favorite Team:

0 of 0 people found the following review helpful. Viking fans and fellow masochist read and suffer!By Utah Movie BuffI am a long suffering Vikings fan. This book does a good job relating the misery of loving a team that always

finds a way to rip your heart out. Like the author, I have found reasons to hate the other teams in the NFL based on their history with the Vikings. However, since the author isn't old enough to remember the four Super Bowl losses, I feel the book doesn't fully express the agony these games inflicted on Vikings fans. As a ten-year-old boy, I did cry after the Chiefs won Super Bowl IV and each Super Bowl loss thereafter only opened and deepened the wound again and again and again. Also, the author was repetitive. Repeating the misdeeds of Denny Green and Mike Tice and the 2003 season collapse did get tiresome. But please don't let these small quibbles deter from the reading of this book. Viking fans and fellow masochist read and suffer!

3 of 3 people found the following review helpful. Really great book

By Eric NordI recently bought this book for my brother who is a huge Vikings fan, but when I got it in the mail I had to read what it said about the NY Jets (my favorite team). I was literally laughing outloud while reading the Jets chapter and then I couldn't resist and read the whole book before I gave it to him. I highly recommend this book to any football fan because its so fun to read why the Vikings fans should hate you. I have to admit though that the Vikings are one of my favorite teams as well and reading the chapter on the Atlanta Falcons (1998 Vikings) was pretty depressing.

1 of 2 people found the following review helpful. Love it!

By Samuel Stephen RossBefore I start, I must say that I have never even been to Minnesota, nor have I been a Vikings fan per se (I'm ambivilant at best about them). But I love LOVE LOVE this book. I couldn't put it down. I am a huge NFL freak and a huge book freak... but this is the only NFL book I have ever bought.I just love "loser" books. Maybe it's because I was born and raised in a "Confederate State", but losing is something I hold so much more affection for than winning. There have always been so many more of us losers than winners anyway. Screw "victory" marches. Write a "loser" march so that all of us brothers may walk side-by-side; holding our heads low with shame together.BTW, I won't tell you MY favorite team because it will make you "hate" me too;)

If you're a Minnesota Vikings fan, chances are you know the true meaning of a "love/hate" relationship. Keith Richotte, lifelong fan and observer of his favorite team, has written an account of many of the major crushing defeats and blunders in the history of the Vikings--the ones maddeningly ingrained in the collective consciousness of Minnesota pro football fans. There are so many of these ugly moments, in fact, that Richotte was able to find a reason to hate every team in professional football for what that team has done to the Vikings as a franchise and to him as a fan. This book chronicles many, many incidences that have dictated the Monday morning moods of people across the land of 10,000 lakes for decades. Either we're a cheery lot saying hi to strangers, or a bunch of gray-faced commuters driving around in a foggy slump. It's not enough to turn away and not notice what's going on. It's an addiction. We can't help ourselves.
