It's not often you get to see so intimately inside another family--quirks, embarrassing stories and all. Everyone probably thinks their family is crazy, but based on the insanely funny stories in this book, I think the Castle family might actually take the cake in the best way possible. This book was such a great read and hard

Delightfully funnyBy pfweintraubThe breezy writing style and easy acceptance of his mother's quirks makes this book a delight. Hope there are more books coming in this vein.

In *My Mother is Crazier Than Your Mother*, Cameron Castle paints an endearing and hilarious picture of what it was like growing up with a crazy mother – not clinically crazy, just spontaneously, unpredictably, outrageously, and lovingly crazy. She's *I Love Lucy* on steroids and *June Cleaver*'s worst nightmare, but always with the best of intentions. She puts the fun in dysfunctional, and zany is more than a four letter word. You will fall in love with Cameron's mom as she leads her son – and the reader – on a precious, precocious, Pied Piper journey through life with laughter and love. David Sedaris and Bill Bryson, meet Dorothy Castle.
