Jerry Scott : My Space: Baby Blues Scrapbook 24 before purchasing it in order to gage whether or not it would be worth my time, and all praised My Space: Baby Blues Scrapbook 24:

3 of 3 people found the following review helpful. I Heart Wanda and Darryl.By ReadMoreBooksI've been collecting these books since 1990, when my first child was born. I have gotten a laugh on days when it seemed like I'd rather cry. My oldest son has the same personality as Zoe. My second son is much like Hammie. My third son would kick me if I said he was like a baby girl, but he does bring us the same joy and love that Wren brought to her family. (Figured I should add that my #3 son is 11 years old. He's in a "girls?? Phooey!" stage)The battles that Wanda and Darryl take on are Everyparent. The kids are not always well behaved, the house is often messy, the parents are often tired and cranky. In other words, NORMAL and FAMILIAR.I missed seeing goofy neighbors Bunny and Butch (kind of wondering how those twins are working out), I missed seeing Rhonda, the grandparents, and all the other supporting cast. Hopefully there will more of them soon.Great job, fun read, my kids fight over who gets to read it after I'm done. You should see how they are with a Zits book. :)0 of 0 people found the following review helpful. Five StarsBy Kindle Customer#11 of 1 people found the following review helpful. Baby blues 3By DaveYep, just like it was when raising kids. Only I didn't see the humor in it then. Now that I have grandkids, I see them all through the book. Love reading the books and sending clips to my kids. Do you remember saying to your kids... someday, when you have kids of your

own... well this book helps me remember what I went through and what my kids are now going through with my grandkids. Love the books and the strip.

Oh baby! My Space, this Baby Blues collection, kicks and screams with good stuff. The MacPhersons show us that raising one kid is a breeze, raising two kids is tricky yet manageable, and raising three kids is deserving of canonization. But still, sleep-deprived Darryl and Wanda do it with a style and wit all their own. Baby Blues is funny because it accurately depicts the trials, tribulations, and triumphs of parenting. And like any curious kid, My Space cracks you up and leaves you begging for more! Forget child-rearing books; all a parent needs to get through the highs and lows of raising kids is a 3 a.m. read of Baby Blues.* From diapers to long division, it's easy to see why so many people relate to Darryl, Wanda, Zoe, Hammie, and Wren.* In 2001, Scott earned the prestigious Reuben Award for Outstanding Cartoonist of the Year. The National Cartoonists Society also gave Baby Blues its Best Comic Strip of the Year award in 1995.

About the Author Rick Kirkman and Jerry Scott have delighted fans and impressed the cartooning world since the strip launched in 1990, and the passion continues today. Rick calls Phoenix, Arizona, home. Jerry, also the cocreator of Zits, lives in central coastal California. Rick Kirkman and Jerry Scott's work on Baby Blues has delighted fans and wowed the cartooning world since the pair launched the strip in 1990. Rick lives in Phoenix, Arizona. Jerry, also the cocreator of the award-winning comic strip Zits, lives in central coastal California. Online: babyblues.com
