The pictures are great....just what I wanted....BUT they are printed SO badly it's impossible to color them with any type media. I've tried them all, believe me. The paper is terrible! What a shame to waste these pretty pictures! Also, most of them are much too dark with lines running through them.4 of 4 people found the following review helpful. Another disappointment! All of the pictures are extremely dark so I will have to scan them in and lighten them up.Poor paper quality:grainy, thin and with lines through each picture.1 of 1 people found the following review helpful. Beautiful pictures a pleasure to colorBy Linda CraigBeautiful pictures a pleasure to color. Some reviews have stated that their copies had lines through the pictures. Maybe I was lucky, but mine are perfect, some are a little dark,

but certainly still workable and I can always copy and lighten them. The pictures are varied and beautiful and I have no hesitation in recommending the book. I bought my own copy, so my review is totally unbiased.

KD Arts Design brings you Mystical Fairies. This book is full of mystical creatures! So many beautiful fairies, mermaids, and other mystical creatures to color! This is a great book for all levels of coloring enthusiasts.
