Mary Layton : Mythic Themes: A Fantasy Art Coloring Book before purchasing it in order to gage whether or not it would be worth my time, and all praised Mythic Themes: A Fantasy Art Coloring Book:

25 lovely mythic designs drawing from the world of fantasy! Each image is reproduced twice (for a total of 50 coloring pages) for you to try out different color combinations or tear and share! For best results, color with colored pencils or markers. If using markers and leaving pages in the book, placing a piece of cardboard or thick paper beneath the image being colored will help prevent markers bleeding through and marring the next image.
