Steve Hofstetter : National Lampoon Balls!: An In-Your-Face Look at Sports before purchasing it in order to gage whether or not it would be worth my time, and all praised National Lampoon Balls!: An In-Your-Face Look at Sports:

5 of 6 people found the following review helpful. I laughed so hard I scared people on the subway By Salt's kind of embarrassing, I laughed really hard on the subway while reading it that I think I must've raised the terror alert or something. People thought I was a danger to them...but really it's just a funny book. I think I'm going to give it out as a gift to a few sports fans in my family - definitely something they'll appreciate.

National Lampoon's *Balls! A Sarcastic Guide to Sports* takes a hysterically funny and topical look at the state of professional sports. Incisive commentary on the world of politics, *Balls!* takes loving aim at overblown salaries, steroids, and sex scandals of professional ball. Each chapter features lists, quizzes, charts, and other features in addition to classic Lampoon snark, including, "Baseball: Steroids Are Fun," "Basketball: At Least the Last Two Minutes Matter," "Football: The Longest GM Ad in History," and more. Packed with fresh insights into the foibles of professional sports, *Balls!* will rouse you out of your fantasy-sports coma with the Lampoon take on an American institution.

About the Author Steve Hofstetter writes a weekly humor column on SportsIllustrated.com, blogs funny for NHL.com and contributes to *Maxim* and *ESPN Magazine*. Steve's *Sports Minute (Or So)* is syndicated on 194 radio stations nationwide, and he's a frequent guest on ESPN, Fox Sports and Sporting News Radio.
