Tom Keegan : Naughty Limericks (Little Book Of...) before purchasing it in order to gage whether or not it would be worth my time, and all praised Naughty Limericks (Little Book Of...):

"Tell me another one,just like the other one,tell me another one do!"By Jerry GuildAnyone who is a fan of Limericks,and who isn't,will be sure to enjoy this little tome.Little is used rather lightly here .Though the book is only 4 1/2 X 5 3/4 inches,it is 1 inch thick ,and has 256 pages. It includes about 730 Limericks set out 3 per page ,and in 8 chapters,The chapters are somewhat by topic or type,but since these Limericks vary so much,it hardly makes much difference which chapter they were put in,except for the first chapter which are all by Lear.If one doesn't know who Lear was,it's time you learned,as he is probably the best known of all those who set pen to writing Limericks. The title would lead one to think that the Limericks in this book are quite naughty,maybe even a little raw or ,God forbid;even Lewd,as so many Limericks can be. The collection was assembled by Tom Keegan,and picture of the lady on the cover looks like she is shocked.Maybe it is his grndmother,the school librarian or sunday school teacher. But don't let this scare you,these Limericks are pretty tame unusually so,actually. The bulk of these Limericks are British in origin.While most of them are readily understandable,several will leave you wondering about the meaning and/or pronunciation of some of the rhyming.

Anyway, a worthwhile addition to any collection of Limericks.
