The Editors of Vice Magazine : News, Nudity Nonsense: The Best of Vice Magazine Vol. 2, 2003-2008 before purchasing it in order to gage whether or not it would be worth my time, and all praised News, Nudity Nonsense: The Best of Vice Magazine Vol. 2, 2003-2008:

2 of 2 people found the following review helpful. A Golden TurdBy RyanThis is a great bathroom read. so far, I've read about half of the articles and they are very interesting with a distinct voice in each article. If you are new to Vice, this offbeat magazine will give you the full spectrum of human emotion. Have you ever laughed while on the throne? Made a disgusted face?(I'm sure you have.) If you like the bizarre, this is for you.0 of 0 people found the following review helpful. One StarBy Henry WilsonNot what I hoped for about one good article every 20 pages.0 of 0 people found the following review helpful. Five StarsBy lilbitzGreat book!

The Vice Guide to Sex and Drugs and Rock and Roll was a best-of book culled from everything published in Vice Magazine from its inception in 1994 up until 2003. The original manuscript was discovered amidst a verdant glade in a glowing golden box. The first men to gaze upon it had their faces melted off by its brilliance. It rocketed to the tops of best-seller lists and dollar bins. It has been bequeathed in wills from parents to children. It has supplanted Dianetics as the must-have spiritual tome of Hollywood, California. It is truly the book of the ages. But all of that is total bullshit compared to the tidal wave of press and accolades that will engulf all of us when we bringeth forth upon the world the second book of greatest hits from Vice Magazine. It is to be called News, Nudity Nonsense, and will contain enough “wow”-filled reading material to power you through at least a year’s worth of defecations from its inevitable home atop the back of your toilet.

About the Author Vice Magazine started out as a lowly newsprint punk zine in 1994 in Montreal. Now it’s this big, weird, famous, smart and stupid magazine that’s published in 22 (that’s right, fucking 22) countries. We mix real-deal investigative journalism, witty and learned interviews, the best young photographers and artists, and a total global perspective with dick jokes, gratuitous nudity, and questionable opinions on how to live one’s life. Then we fart it all out every month in a magazine that is so good, people get visibly angry and jealous when they touch it. Oh well. That’s their problem.
