From Pelican Publishing : Night Before Christmas, The (The Night Before Christmas Series) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Night Before Christmas, The (The Night Before Christmas Series):

2 of 2 people found the following review helpful. The Night Before series is a big hit! By Dr. DarI purchased the entire set for my granddaughter. I'm giving her mom and dad each of the books as the next "night before" approaches. This collection of books will make a great family heirloom to be passed along from generation to generation.

Only the vivid imagination of James Rice could capture the arrival of Santa on Christmas Eve in such active detail. From the dancing mice who decorate the Christmas tree, to the bumbling reindeer landing on the family's roof, his

colorful illustrations warm the hearts of children and adults alike. After writing and illustrating several parodies of Clement Moore's classic Christmas tale, author/illustrator James Rice uses his unique style to illustrate the original version of St. Nick's visit. What's more, Rice's talent for portraying emotions is particularly evidenced in *The Night Before Christmas* as Poppa reacts with surprise, Santa chuckles with glee, and Grandpa's photo, hanging next to the Christmas tree, watches the whole nighttime adventure with a skeptical eye.
